## COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To William Wragg, a Constable of the Town of Needham, in said County, GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Needham, qualified to vote in elections and in Town affairs, to meet at the Town Hall, in said Town, on Monday, the seventh day of March, next, at one o'clock in the afternoon, then and there to act upon the following articles, viz:

ARTICLE 1. To choose a moderator to preside in said meeting.

ARTICLE 2. To hear the reports of town officers and committees and act thereon.

ARTICLE 3. To choose necessary town officers for their respective terms of office. And give in their votes "yes" or "no" in answer to the questions:

"Shall licenses be granted for the sale of intoxicating liquors in this town."

"Shall Chap. 370 of the Acts of 1891, entitled 'An Act to enable cities and towns to manufacture and distribute gas and electricity' be accepted?"

"Shall an act passed by the legislature of the Commonwealth in the year eighteen hundred and eighty-two, enti-

tled 'An Act authorizing towns and cities to lay out public parks within their limits' be accepted?"

ARTICLE 4. To see what action the town will take in regard to unexpended balances and deficiencies.

ARTICLE 5. To see what sums of money the town will grant for the support of schools.

ARTICLE 6. To see what sums of money the town will grant for highways.

ARTICLE 7. To see what sums of money the town will grant for other necessary charges and expenses.

ARTICLE 8. To see what sums of money the town will grant for the public library.

ARTICLE 9. To see what disposition the town will make of the money received for dog licenses.

ARTICLE 10. To see in what manner the town will order the highway grant expended.

ARTICLE 11. To see how the town will have its taxes collected, and to choose a collector of taxes, and fix the compensation therefor for the current year.

ARTICLE 12. To see what action the town will take in regard to borrowing money in anticipation of taxes.

ARTICLE 13. To see if the town will accept the list of jurors as prepared and posted by the selectmen.

ARTICLE 14. To see if the town will vote to have the reports of its officers and the proceedings of this and other town meetings printed.

ARTICLE 15. To see if the town will appropriate money for the observance of Memorial day.

ARTICLE 16. To see in what manner the town will notify and warn the voters of its town meetings.

ARTICLE 17. To see what sums of money the town will grant for the care and improvement of its public grounds.

ARTICLE 18. To see if the town will instruct the selectmen to invest the school fund in Needham water bonds.

ARTICLE 19. To see if the town will extend its water mains via Webster st. into Central avenue, Reservoir and Carter streets.

ARTICLE 20. To see what action the town will take in regard to the further extension of its water system.

ARTICLE 21. To see if the town will vote to instruct the water commissioners to exchange the drinking fountains which they have erected, for some pattern that will admit of constantly running water, or take some action in the matter.

# RECORD OF TOWN MEETING

MARCH 7, 1892.

---

The annual meeting of the inhabitants of the town of Needham, qualified to vote in elections and in town affairs was held pursuant to the foregoing warrant, in the Town Hall in said town, on Monday the seventh day of March, A. D. 1892.

Art. 1. Thomas Sutton and Arthur Whitaker were appointed tellers by the town clerk, to aid him in checking the names of voters and counting the votes for moderator, and they were sworn to the faithful discharge of their duties by the town clerk.

Emery Grover was chosen moderator by ballot, and the check list was used.

Art. 2. Voted that the reports of town officers as printed, be accepted.

Voted that the chief engineer be authorized to sell one of the hand fire engines.

Art. 32. Voted that this article be dismissed. A motion to reconsider the vote was not carried.

Art. 3. The selectmen having appointed George A. Adams and Walter Hewett ballot clerks under the provisions of Sec. 13, Chap. 386 of the acts of 1890, said ballot

clerks were sworn to the faithful discharge of their duties by the town clerk.

The ballots prepared for use at this election by the town clerk were then delivered by him in sealed packages to the ballot clerks and their receipt taken therefor.

Cards of instructions were then posted in each of the voting compartments, which had been provided as required by Chap. 386 of the Acts of 1890. Cards of instructions and the specimen ballots were posted in the hall outside of the guard rail, in accordance with the provisions of said act.

The moderator appointed George L. Kingsbury, George A. Adams, Walter Hewett, Aaron Twigg, Thomas Sutton, Arthur Whitaker, Thomas J. Crossman, James Ford, Jr., Howard A. Crossman and George W. Art. 11. Voted that all poll taxes shall be payable on demand, and all other taxes on or before the first day of October. Interest at the rate of one-half of one per cent. a month shall be charged on all taxes not paid on or before the first day of November. The collector shall use the means provided by law for the collection of all taxes remaining unpaid after the first day of December.

[The above paragraph shall be printed on the tax bills.]

Voted that the collector of taxes shall have the same power which the treasurer would have when acting as collector.

If in the judgment of the collector, that in consequence of removal, or any other circumstance, any tax should be collected before the first of October, he is fully authorized to serve his warrant in the collection of such tax at any time. The collector shall guarantee the full amount of all taxes legally assessed and committed to him for collection and shall be held to pay the town treasurer the same with any interest that may accrue thereon, except such sums as may be abated by the assessors; he shall pay the said taxes and interest from time

to time, as he collects the same, and shall pay the full amount of all the taxes committed to him, with the accrued interest, on or before the first day of February, 1893. The compensation of the collector shall be one and one-fourth per cent. on all taxes and interest collected by him and paid to the treasurer. When one-half the amount of the warrant has been paid, he shall be entitled to receive his commission on that amount, and the balance when the full amount of taxes and interest has been paid into the treasury.

Voted that when this meeting is adjourned it adjourns until 7 P. M. Monday, March 14, 1892, and that the consideration of the remaining articles, excepting article 3, be postponed until the adjourned meeting.

After the declaration of the result of the voting, the ballots cast were sealed up in an envelope by the moderator and endorsed by him as required by law and delivered to the town clerk. The ballots not distributed, together with the check lists used by the ballot clerks and certified by them to be such, were secured in an envelope, sealed and placed in the custody of the town clerk.

Adjourned to meet at the time designated by the vote above recorded.

Art. 29. Voted that the town sell to William Carter for the sum of sixty dollars a portion of the Highlandville engine house lot bounded as follows, viz.:—Westerly nine and one-half feet by Highland ave.; northerly one hundred sixty and one-half feet by other land owned by the town; easterly five and one-half feet by land of E. A. and J. W. Holmes, and southerly one hundred fifty-nine and eight-tenths feet by land of said William Carter, and the town treasurer is hereby authorized and empowered to execute in the name of the

town and deliver to said William Carter a deed conveying the same.

Art. 31. Voted that the water commissioners be instructed to extend the town water through Lincoln street.

Art. 33. Voted that the selectmen be instructed to purchase additional gravel land and that three hundred dollars be appropriated for the same.

After the articles in the warrant had been disposed of the following votes were passed, viz.:

Voted that the boards of selectmen, school committee, assessors and water commissioners meet together as soon after the first day of January next as may be found convenient, and select from the different sections of the town nine citizens, who shall constitute, together with said boards, a committee on appropriations. Said committee shall give one or more public hearings, and make a report to be printed and distributed with the town reports, recommending the appropriations necessary to be made at the next annual town meeting.

Voted unanimously that the thanks of the town be presented to Thomas Sutton for his faithful and efficient services as selectman.

Voted unanimously that the thanks of the meeting be presented to the moderator for the able and impartial manner in which he has performed his duties.

Voted that this meeting be dissolved.

Dissolved.

# RECORD OF TOWN MEETING

MAY 31, 1892.

---

A meeting of the inhabitants of the town of Needham, qualified to vote in elections and in town affairs, was held pursuant to the foregoing warrant, in the Town Hall in said town on Tuesday, May thirty-first, A. D. 1892.

ART. 1. Arthur Whitaker was appointed teller by the town clerk, to aid him in checking the names of voters and counting the votes for moderator, and he was sworn to the faithful discharge of his duties by the town clerk.

Emery Grover was chosen moderator by ballot and the check list was used. Mr. Grover declining to serve, E. H. Bowers was chosen moderator by ballot, the check list being used.

ART. 2. The selectmen having appointed Walter Hewett and George A. Adams ballot clerks under the provisions of Sec. 13, Chap. 386 of the Acts of 1890, said ballot clerks were sworn to the faithful discharge of their duties by the town clerk.

The ballots prepared for use at this election by the town clerk were then delivered by him in a sealed package to the ballot clerks and their receipt taken therefor.

Cards of instructions were then posted in each of the vot-

ing compartments, which had been provided as required by Chap. 386 of the Acts of 1890. Cards of instructions and the specimen ballots were posted in the hall outside of the guard rail, in accordance with the provisions of said Act.

The moderator appointed Aaron Twigg, Arthur Whitaker, Armand J. Mathey, Albert M. Miller, Walter Hewett, George L. Kingsbury as tellers to assist him in receiving, assorting and counting the ballots cast under this article, and said tellers were sworn to the faithful discharge of their duties by the moderator.

Voted to proceed to ballot for a collector of taxes to fill vacancy, and to vote "Yes" or "No" in answer to the following question : "Shall Chap. 370 of the Acts of 1891, entitled 'An Act to enable cities and towns to manufacture and distribute gas and electricity' be accepted?"

The ballot box furnished by the Commonwealth for use at elections was publicly opened by the moderator and shown to be empty, and then locked and the key to the lower part delivered to Frederick D. Sutton, the officer in attendance at the election.

At thirty-five minutes past four o'clock p. m. the polls were opened for the reception of ballots and they were kept open until thirty-five minutes past eight o'clock p. m., when by vote of the meeting they were closed. At the opening of the polls the ballot box register indicated 0, at the close 303.

The ballots were then taken from the box and audibly counted by the moderator, and the whole number was (307) three hundred and seven.

The names on the list of voters which had been checked by the tellers were counted and the number was found to be three hundred and five (305).

Two separate canvasses of all the votes cast were made by the moderator and tellers, the blank forms furnished by the Secretary of the Commonwealth being used. Upon

the completion of the canvass of all the votes cast the moderator declared the result of the voting to be as follows :

*For Collector of Taxes, to fill vacancy,*

Whole number of ballots,	307	
Howard A. Crossman had,	159	votes.
Joseph B. Thorpe had,	142	"
Blanks,	6	

And Howard A. Crossman was declared elected to said office.

Upon the question "Shall Chap. 370 of the Acts of 1891, entitled 'An Act to enable cities and towns to manufacture and distribute gas and electricity' be accepted?" the whole number of ballots was three hundred and seven (307).

"Yes" two hundred and eleven,	211
"No" fifty-nine,	59
Blanks, thirty-seven,	37

The moderator declared the Act accepted, more than two thirds of the voters present and voting thereon, having voted in the affirmative.

In voting under this article no person was given a ballot by the ballot clerks until his name had been found upon the list of voters and checked and a check list was used by the tellers at the ballot box.

ART. 3. Voted to accept Pleasant Street as laid out by the selectmen and that \$500.00 be appropriated for building the same.

ART. 4. Voted that the board of Water Commissioners in pursuance of the provisions of an Act of the Legislature of 1892 be authorized and directed to issue bonds to the

amount of twenty thousand dollars, said bonds to bear on their face the words "Needham Water Loan," to bear interest at the rate of four per centum per annum, payable semi-annually on the first days of March and September in each year, to be of the denominations of five hundred and one thousand dollars, to be dated September 1st, 1892, to be signed by the treasurer of the town and countersigned by the water commissioners, to be payable in such manner and at the expiration of such periods that five hundred dollars of said loan be paid in each of the years from 1896 to 1901 inclusive and one thousand dollars a year in each of the years from 1901 to 1917 inclusive. (Passed unanimously).

Voted that the proceeds of the sale of the twenty thousand dollars of bonds authorized by the Legislature and a vote of the town, be appropriated for the construction and extension of water works and the necessary expenses attending the same. (Passed unanimously).

Voted that four hundred dollars be appropriated to pay the half year's interest on the water bonds authorized this day.

Voted that a committee of three be appointed by the moderator to retire and nominate a committee of five to constitute a committee on electric lighting, said committee to thoroughly investigate the subject and report in season to have their report embodied in our next annual town report.

The moderator appointed Arthur Whitaker, George W. Tisdale and George L. Kingsbury. The committee nominated William Carter, Winthrop M. Chapman, Arthur Whitaker, T. Fred Peabody and E. G. Pond. Voted to accept the committee as presented.

After the declaration of the vote, the ballots cast and the

check list used at the ballot box were sealed up and endorsed by the moderator as required by law and placed in the custody of the town clerk.

The ballots not distributed, together with the check list used by the ballot clerks and certified by them to be such were secured in an envelope, sealed, and delivered to the town clerk.

Voted that this meeting be dissolved. Dissolved.

## OFFICER'S RETURN.

---

NEEDHAM, Nov. 7, 1892.

NORFOLK, SS.

By virtue of the within warrant, I have notified and warned the inhabitants of the within named town of Needham, as within directed, by posting true and attested copies of this warrant in more than twenty public places within said town of Needham more than seven days before the time of holding said meeting.

FRED. D. SUTTON,

*Constable of Needham.*

# RECORD OF GENERAL ELECTION.

NOVEMBER 8, 1892.

---

In pursuance of the foregoing warrant the inhabitants of the town of Needham qualified to vote in elections, met in the Town Hall in said town, on Tuesday, the eighth day of November, in the year one thousand eight hundred and ninety-two, it being the Tuesday next after the first Monday in said month, and were called to order at seven o'clock in the forenoon by Arthur Whitaker, chairman of the board of selectmen, who read the warrant calling said meeting and the return thereon of the officer who warned and notified the inhabitants.

The selectmen appointed George A. Adams and Charles H. Crowley as inspectors, and Howard A. Crossman and John H. Mayes as deputy inspectors, and they were sworn to the faithful discharge of their duties by the town clerk.

The package containing the "first set" of ballots received from the secretary of the commonwealth was then delivered by the town clerk to the chairman of the selectmen, who publicly opened the package and delivered the ballots to the inspectors acting as ballot clerks.

Cards of instruction were then posted in each of the voting compartments as required by Section 18, Chapter 413 of the Acts of 1889. Cards of instruction and the specimen ballots were posted in the hall outside of the guard rail, in accordance with the provisions of said act.

The ballot box furnished by the Commonwealth for use

at elections was then publicly opened and shown to be empty, and was examined by the selectmen and town clerk and ascertained to be empty. The box was then locked and the key of the lower part delivered to Frederick D. Sutton, the officer in attendance at the election.

The polls were then opened for the reception of ballots and were kept open until twenty-five minutes past four o'clock in the afternoon, when by vote of the meeting they were closed. At the opening of the polls the ballot box register indicated 0-0-0.

The selectmen having appointed George A. Adams, Howard A. Crossman, James Ford, Jr., Charles H. Crowley, George W. Tisdale and John H. Mayes, as tellers, they were sworn to the faithful discharge of their duties by the town clerk.

Additional tellers were appointed by the selectmen as follows: Thomas J. Crossman, Francis De M. Dunn, Charles W. Richards and Charles E. Stanwood, and they were sworn to the faithful discharge of their duties by the chairman of the selectmen.

During the voting the ballot box was opened for the removal of ballots three times and again at the close of the polls, when the register stood at 579. The ballots were audibly counted one by one as they were taken from the box and the whole number was five hundred and eighty-six (586). The names on the list of voters which had been checked were counted and the number found to be five hundred and eighty-six (586), which agreed with the number of names checked on the list kept by the ballot clerks, at the entrance to the voting place.

A canvass of all the votes given in was made by the election officers as required by the provisions of Chapter 431, Acts of 1892, the blank forms furnished by the secre-

tary of the commonwealth being used. Upon the completion of the canvass of all the votes cast, and the whole number duly sorted, counted and recorded, declaration thereof was made in open town meeting as required by law, and were for the following national, state, county and district officers, viz.:

Blanks, two hundred eighty-six.

In voting, no person was given a ballot by the ballot clerks until his name had been found upon the list of voters and checked, and a check-list was used by the selectmen and town clerk at the ballot box.

The business of the meeting being completed, the returns of votes were signed by the selectmen attested by the town clerk and sealed up in open town meeting as required by law, and delivered to the town clerk. The ballots cast were then sealed up and endorsed by the selectmen and placed in the custody of the town clerk.

The list of voters which had been used at the ballot box was sealed up by the selectmen and retained by them.

The spoiled ballots and those not distributed, together with the check-list used by the ballot clerks, and certified by them to be such, were secured in an envelope, sealed and delivered to the town clerk.

At 10.30 p. m. it was voted that the meeting be dissolved.

# RECORD OF TOWN MEETING

DECEMBER 21, 1892.

A meeting of the inhabitants of the town of Needham qualified to vote in elections and in town affairs, was held pursuant to the foregoing warrant in the Town Hall, in said town, on Wednesday evening, December 21, 1892.

ARTICLE 1. Emery Grover was nominated and chosen moderator.

ARTICLE 2. Voted that the water board be instructed to petition the Legislature to amend the Water Act in relation to the issuing of water bonds.

ARTICLE 3. Voted that three citizens be appointed who together with the Selectmen shall constitute a committee to petition the Legislature that a law may be passed, declaring that bonds taken or acquired by a city or town for water supply, within the limits of another town, shall not be exempt from taxation, and to take such other action as in their judgment shall be for the best interests of the town.

Voted that a committee of three be appointed by the chair to nominate three citizens to act with the selectmen.

The moderator appointed Aaron Twigg, Levi Ladd and Charles Blackman. The committee nominated Everett J. Eaton, Emery Grover and T. F. Peabody.

Voted to accept the committee as presented.

Voted that the selectmen be authorized to employ counsel and incur such expense as may be necessary.

ARTICLE 4. Voted that the town give to the Old Colony Railroad Company a free right of way over lands owned by the town within the town.

Voted that the foregoing vote be declared unanimous.

Voted that a committee of three be appointed by the chair to draw up resolutions.

The chair appointed Levi Ladd, Dr. A. E. Miller and John W. Titus.

The committee reported as follows:

The citizens of Needham in town meeting assembled, regularly and legally called, unanimously passed the following:

Resolved, That we earnestly request the Old Colony Railroad to build the proposed railroad from South Framingham to West Roxbury, as soon as practical. It is a necessity and we pledge them all the assistance in our power.

Voted to accept and adopt the report of the committee.

Dissolved.

# ANNUAL REPORT

—OF THE—

## Selectmen and Overseers of the Poor.

FOR THE YEAR 1892.

---

In the administration of the affairs of the town, so far as they are under the charge of the selectmen and overseers of the poor, nothing has occurred during the year beyond the ordinary course of events.

Early in the spring the board re-appointed Mr. Charles H. Dewing to be superintendent of streets, and we feel that both the quality and quantity of the work done under his direction has been such as to fully sustain the good reputation which he has gained by years of faithful service in that position. Besides the ordinary repairs in all parts of the town necessary to keep the roads in good condition, there have been substantial improvements made in the road bed of Webster street from Great Plain avenue to a point beyond May street; also on Highland avenue from Webster street to near the Newton line; also a portion of Central avenue near the junction of Hunnewell street, and on Greendale avenue from the foot of the hill near Mr. Henry Blackman's to a point beyond Amasa Kingsbury's. May street from Pickering street to Highland avenue was in very bad condition, never having been properly constructed, and as we were called upon to build a concrete side-

walk at the church it was thought best to thoroughly repair the street between the above-named points. Accordingly the work was undertaken. The loam was removed to a sufficient depth, stones put in at the bottom and properly covered and graded with good gravel. The improvement of Great Plain avenue has been continued from Central avenue to near the house of Elias Marshall, the road bed being reconstructed by a layer of cobble stones covered by crushed stone, upon which was placed a coat of binding gravel and the whole well rolled, making a first-class road so far as it has been carried. This improvement should be continued further during the coming season. In this work the value of the stone crusher was demonstrated both as to the quality of the material and its relative cost. We would recommend that the ledge which now projects into the street near the house of Mr. George C. McIntosh be removed. This is a matter which has been long neglected by reason of the supposed great cost, but the time has come when it can be done without great expense, as the material taken out can be used for the improvement of the street immediately above that point and will more than compensate for the cost of blasting. Some work has been done on South street, which was badly out of repair for almost its entire length, and a great deal more is necessary before that street will be in as good condition as one so much used should be. The bridge on Dedham avenue has been repaired and re-planked over its whole length, the town of Dedham paying one-half the cost.

#### SIDEWALKS.

On applications of the owners of the estates abutting, concrete sidewalks with curbstones have been constructed as follows: Highland avenue and May street at St. Joseph's church, Highland avenue and Hunnewell street at the

Methodist church, Great Plain avenue and Garden street at E. J. Eaton's building. There are a number of applications for concrete walks which could not be allowed on account of the appropriation being exhausted. Some gravel sidewalks have been made on Webster street, Chapel street and at other places, and those on Maple street have been repaired and widened, the abutters removing the fences and giving the necessary land to make the walk six feet in width. We reiterate the recommendation of the board in last year's report that the appropriation for sidewalks be made in one sum so that it may be used either for concrete or gravel walks as may be required.

#### NEW STREETS.

Lee street, Pleasant street and Lincoln street, as laid out by the selectmen and accepted by the town, have been constructed, the work being done under the supervision of the superintendent of streets in a thorough manner and within the appropriation made for each, with the exception of Lee street, where the expenditure was a few dollars in excess, and we may assert without fear of contradiction that in the building of these streets no money has been wasted or unnecessarily expended.

#### GRAVEL BANK.

In accordance with the vote of the town we have purchased the gravel at what is known as Hewett's Pit on Central avenue, and the bank has been set off to the town by metes and bounds. The gravel is of excellent quality for road making, easy of access and conveniently located for use in a large section of the town.

#### STONE CRUSHER.

As previously stated the stone crusher has been operated

successfully for a short time toward the close of the season, but long enough to prove its efficiency and economy when used under proper conditions, and that it would be greatly to the benefit of our roads to use more of its product upon them. We employed Mr. William M. Whitney, an expert steam engineer, to examine the boiler and put the engine in running order. The plant was found in good condition although unused for a period of two years, and is now in perfect working order. We are confident that when it is placed in a permanent position in some central location, near to a supply of rock, it will prove a good investment. We recommend the purchase or lease of a ledge, of which there are several well located and easy of access near Great Plain avenue, in which to station the machinery so that we can have a supply of the best material for road making.

#### STORAGE AND PROTECTION OF TOOLS AND IMPLEMENTS OF HIGHWAY DEPARTMENT.

The highway department is greatly in need of a proper house for the storage and protection of its tools and implements. The sheds at Highlandville are entirely inadequate for the proper protection of the property. A central and convenient point for such a building would be on the extension of Pickering street, on land of the town known as the "Ireland pit." We recommend that a sufficient appropriation be made for the erection of a suitable building for the purpose as stated.

#### AS TO THE LAYING OUT OF NEW STREETS.

As the town is growing and lands are being opened for house lots, it seems to us necessary and expedient that some system should be adopted and regulations made in regard to laying out and accepting new streets over private lands

opened for building purposes, so that there may be a fixed and well defined policy to govern our action in the future. We therefore recommend that a regulation or by-law be adopted by the town providing that before a petition to lay out a new street shall be acted upon — excepting in cases where public necessity and convenience may require a new road connecting with another town or city — such street shall be laid out at proper width, not less than forty feet, and graded with suitable material for travel, at private expense.

#### STREET LIGHTS.

The same system of street lighting that prevailed in previous years has been continued under contract with Mr. W. F. C. Balen, who has performed the work in as satisfactory manner as is possible under the present order of things. No new lights have been established.

#### POOR. -

The appropriation for the support of the poor has been considerably overdrawn, but this is accounted for largely by the fact that all bills in this department have been paid up to December 31st, thereby bringing thirteen months bills in the case of the Wellesley Almshouse, and fifteen months in that of the Worcester Lunatic Asylum into last year's accounts, those bills being sent in more promptly than in the previous year. Of the number receiving support from the town during the past year three have died, viz.: Mrs. Lucinda Kingsbury, Thomas Leach and Alice B. Poyner. At present we have three persons in the Wellesley Almshouse, viz.: John Kingsbury, Bridget Mitchell and Hannah Ricker. Mrs. Gillow is at T. N. Smith's in Wellesley. There are three inmates of the

Worcester Lunatic Asylum who are a town charge, viz.: Daniel K. Ritchie, Lena Gehling and Samuel H. Richardson.

#### POLICE.

The matter of police demands attention, as the expense is constantly increasing. Persons frequently demand the special services of police in matters concerning private interests and expect the expense to be paid out of the town treasury. It is difficult in some cases to decide where to draw the line.

#### LIQUOR LAW.

The illegal sale of liquor has been guarded against as vigilantly as our system of police will admit. One case has been prosecuted and conviction obtained. No new complaints have been made to us, and we believe our town to be as free from liquor selling as any in this vicinity.

#### LITIGATION.

The Weeks case which at the close of the last year was before the Supreme Court on exceptions taken by the plaintiff, has been decided in favor of the town, the exceptions having been overruled. In the matter of the Oak street crossing a decision in favor of the town has been rendered, but the railroad company has appealed to the Supreme Court and seem disposed to fight it to the end.

In the matter of damages for land of the Colburn heirs taken by the town for water supply, the county commissioners, before whom the case was pending at the time of the last report, awarded as damages the sum of \$4,500, but as this board deemed that the case was not decided on its merits and the award excessive, it was carried up to the Superior Court on appeal, and a trial there resulted in

an award of damages and interest amounting to \$3,864.44.

The City of Newton has brought suits against the town to recover taxes paid on their lands taken and held by the city for a water supply. In this case it does not seem just or proper for us to yield the point until a decision has been obtained from the courts. In the case of Doyle vs. the Town of Needham, the administratrix of his estate seeks to recover, on account of said Doyle having been found dead on Central avenue. We shall probably be obliged to defend the town in court some time during the current year.

At the last annual meeting the town instructed the selectmen to cause the New York & New England Railroad Company to bridge their track where it crosses High Rock street. We have made a formal demand upon the corporation, through counsel, to place a bridge over their road at the crossing of said street, but we fear the company will do nothing in the matter except upon compulsion and after a suit at law.

#### DRINKING FOUNTAINS.

We congratulate the board of water commissioners on the success of the improved drinking fountains for horses. All doubts and misgivings as to whether it would be possible to have constantly running water have been happily dispelled. The claims of those who advocated the change have been amply sustained, for notwithstanding we have had a winter of almost unprecedented severity, there has not been a day when a plentiful supply could not be obtained.

# THIRD ANNUAL REPORT

—OF THE—

## WATER COMMISSIONERS.

---

*To the People of Needham:*

The water commissioners would respectfully present their annual report for the year ending Dec. 31, 1892:

At the annual town meeting it was voted, "That the water commissioners are herewith instructed to make such extension of the water system as the town may direct; that the commissioners are instructed to extend the water system, via Webster street, into Central avenue to bridge, Reservoir street and Carter street; that the main be extended from the foot of Hunnewell street to Hurd's corner, and through Nehoiden street from Great Plain avenue to Central avenue and Lincoln street." The above extensions were all made in accordance with the instructions of the town. The commissioners feel impelled to say that making extensions in this way is not conducive to the successful fruition of our water system nor to increase confidence in its management. If the extensions are left with the water commissioners, such extensions are not made until nearly all the people are enlisted to take the water, then an income

will be immediately established to pay the interest on the outlay.

The town also voted, "To authorize the commissioners to make such further extension of its water mains as in their judgment will be for the interest of the town." Under the above vote we have made the following extensions: From the late Mr. Millard's on Webster street to the force main, to give us two lines to the stand-pipe; Marked Tree road into Curve street, Garden street to May street, Gage street, off Marshall street, Highland avenue from school-house to Coppinger's, also continuation of Hillside avenue, Howland street, Kimball street, Kingsbury street, Linden street, Millen street, Maple Terrace, Oak street, Pleasant street, Rosemary street, West street and Walnut street, Pickering street. For distances in the above streets, see superintendent's report. We have laid a total of 32,933.9 feet of pipe the past season, which added to the 60,240.8 laid in 1890 and 1891 would make a total of 93,174.7 feet of street mains, or 17.64 miles.

#### PIPE.

The lowest proposal for furnishing the pipe was from R. D. Wood & Co., Philadelphia, Pa. The first contract was for 6 and 8-in. pipe at \$27.15 per ton; for 4-in. pipe, \$27.45 per ton; for special castings, \$54.88 per ton. The second contract was for 6 and 8-in. pipe, at \$27.70 per ton.

The contract for pipe laying was awarded to Mr. E. E. Eglee of Flushing, N. Y. The contract for putting in the service pipes was awarded to J. F. Buckley & Co., of Needham.

The contract for hydrants and valves was awarded to the Ludlow Valve Mfg. Co.

#### BONDS.

The town instructed the water commissioners to petition

the Legislature for authority to issue additional water bonds to an amount not exceeding fifty thousand dollars. In pursuance of this vote the commissioners petitioned the Legislature, and May 6, 1892, an act was approved, giving the town the authority desired. With this last act it gives the town the right to issue in all \$155,000 in bonds. We have issued and sold for the year 1892 \$35,000, in denominations of five hundred and one thousand dollars. The same were sold to Messrs. Brewster, Cobb & Estabrook at one per cent. premium, and accrued interest, and are numbered as follows: 114 to 144 inclusive and 146 to 173 inclusive. The entire loan as now adjusted matures as follows: 1893 to 1900 inclusive:

\$2,000 each year,	\$16,000
For the year 1901,	5,000
For 1902 to 1917 inclusive, \$5,500 each year,	88,000
For 1918 to 1920 inclusive, \$6,000 each year,	18,000
For 1921,	5,500
For 1922,	1,500
	<hr/>
	\$134,000
The water commissioners have on hand of the above bonds,	10,000
	<hr/>
Leaving the net water debt,	\$124,000

In connection with the water department the town now owns fifteen acres of land in the Colburn Spring Valley and one and one-twentieth acres of land at the pumping station from the estate of Dr. E. G. Leach, on Dedham avenue. It has also secured a right of way through lands of Bowers heirs, land of Betsy N. Titus, and that of Geo. Otis Kingsbury.

The Colburn case has been settled in court, the court ruling as in previous cases of this kind, that the owners of the land were entitled only to a fair market value of the land, and not what it was worth to the Colburn heirs or to the town of Needham.

We have more than doubled our original pipe line. The question of increasing our water supply, either from other sources, or some method of storing all or part of that which goes to waste, is one that we shall have to meet soon, but how to do it in a satisfactory and economical manner is a matter of great importance and one which will require a careful investigation. Under ordinary conditions the supply would be ample for some years to come. It is necessary for us, nevertheless, to provide for such emergency as may arise from protracted droughts, when the quantities used are increased and the supply diminished.

## SUPERINTENDENT'S REPORT.

---

*To the Water Commissioners of the Town of Needham:*

GENTLEMEN,—I herewith present for your consideration my report of the water department for the year ending Dec. 31, 1892:

The pipe line, as well as the gates and hydrants, are all in good repair.

There have been 32,933.9 feet of distributing pipe laid, making over 17 miles now in use; 39 gates and 50 hydrants have been set, making a total of 142 gates and 139 hydrants.

One hundred and fourteen new services have been laid, making a total of 362. This necessitated the laying of 7,713.9 feet of service pipe, making a total of 25,446.2 feet now employed.

Forty-eight meters have been added, making 131 meters now in use.

A tool house has been built near the pumping station. The pumping station is in good condition; engines and boilers are in good repair.

Complaints concerning stagnant water have been made by consumers near some of the dead ends. As there is no available means of blowing off the water at such points, except through the house service, I would recommend that the mains be extended and hydrants set, or connection

made with some other line; or suitable blow-offs put in where such extension cannot practically be made.

Following is a tabulated statement of street mains, gates and hydrants, tools and material on hand, meters in use and record of work done by the pumps.

I would extend thanks to the water board for their kindness as manifested toward me in my work.

JOSEPH W. LEONARD,

*Superintendent.*

## REPORT

—OF THE—

## SCHOOL COMMITTEE

FOR THE YEAR 1892.

---

“We send our children to school to learn”—What? Primarily to learn facts, that is, to acquire information, but simply to acquire information is not the only nor by any means the most important object for which our children go to school. It may be all that we expect of them at first, but very soon after they enter school and begin to acquire information there is developed in them, to a greater or less extent, a faculty or POWER to acquire information. We say they begin to think for themselves; and the proper education of this POWER TO GAIN KNOWLEDGE, as it is sometimes called, is of quite as much importance as the simple information which they acquire. As in physical culture the proper exercise of a muscle tends to its full development, so in the training of the intellect is this power to gain knowledge necessarily developed by mental exercise.

A thing once done is more easily repeated. The brain which has once accomplished some intellectual task is prepared thereby to perform with greater ease the same or some similar work. As in physical culture the most desirable system of training is that which best develops all the muscles of the body without detriment one to the other, so in school work are those methods of instruction the happiest which so impart the information to be acquired as to develop, at the same time, to its full strength, this power to gain knowledge. It has been said that it is not so much WHAT a man knows as to know how to find out that which he wants to know. Recognizing the truth of this statement the school committee have endeavored, in the selection of teachers for the schools, in the choice of text-books to be used, in the adoption of methods of instruction to be employed, and in all things pertaining to the management of the schools, to see that in the acquiring of information the proper education of the power to gain knowledge was not neglected. How far their endeavors in this particular have been successful the present condition of our schools can testify.

The year 1892 having been especially dedicated, in proclamations of the President and the Governors of most, if not all the States in the Union, to the advancement of education, has been one of more than usual interest to the schools, and can be truly characterized as distinctively a school year. In cheerful compliance with a recommendation in the proclamations of the President and our Governor, and in patriotic recognition of the four hundredth anniversary of the discovery of America, the twenty-second day of October was observed as a holiday by the schools. The pupils of all the schools, for the first time in the history of the town, were massed on that day in one body. They assembled at the usual morning hour upon the lawn of the

Avery school at Highlandville. From there, after saluting the flag and other appropriate exercises, they marched in a procession, under the escort of the veterans of Galen Orr Post, G. A. R., to the town hall, where the national program, provided for the day, was carried out in a most pleasing manner. Some five hundred pupils participated in this celebration. No general celebration by the citizens of the town was attempted, the earnest appeals of the school committee to that end having failed to awaken on their part a sufficient interest in the occasion.

The annual graduation exercises of the High School took place in the town hall on Wednesday evening, June 22nd. They were witnessed by a large assembly of the citizens, and were of a very high order, reflecting great credit upon those who participated. The names of those who graduated and received diplomas are as follows:

Charles Henry Allen,	Allston Rice Bowers,
Mabel Dexter Fowler,	Lewis Ernest Hart,
Helen Ward Leach,	Emma Eliza Lester,
Susie Gay McIntosh,	Ida Rubelle Mills,
Frank Otis Woodruff.	

The committee, in previous reports, have frequently called the attention of parents to the importance of punctuality in attendance. It will be seen by an examination of the appended table of statistics that a very fair per cent. of attendance has been attained in most of the schools, and to encourage still further improvement in this direction we print with this report the names of those pupils who have not been absent during the entire year or for one or two whole terms. Many pupils have been prevented by sickness and other causes beyond their control from having their names appear in this list, and therefore without any discredit to them, while a score or more of other names

would appear but for the absence of a single half day. About one-quarter of those whose names appear have been tardy one or more times during the time stated; the others have been neither absent nor tardy.

The Harris school house at Greendale should be repainted the coming summer, and before this is done certain necessary repairs should be made. The last time this house was painted was in 1884. The committee recommend that the sum of three hundred dollars be appropriated for painting and repairing this building.

The sum of \$190.76 has been expended this year for the introduction of town water into the Eliot school house at the Upper Falls. Four of our six school buildings, the Kimball, Avery, Dwight and Eliot, are now supplied with town water. The Harris school is supplied from the town well near the building, while the Parker school at Charles River Village is at present entirely without a supply. The question of providing water for this school is one to which the committee would call the attention of the town. Either the town well in front of the building should be deepened sufficiently to obtain water, or some other way be provided at once for furnishing it.

There were belonging to the town in May, as shown by the census taken at that time, 232 boys and 247 girls between five and fifteen years of age.

The committee recommend appropriations for the coming year of \$11,000 for schools, \$600 for incidentals, and \$700 for books and supplies.

Respectfully submitted for the Committee,

EMERY GROVER,

*Chairman.*

## Estimates for Appropriations.

---

A public hearing was held in selectmen's room, Tuesday evening, Feb. 7, for the purpose of recommending appropriations for the current year. The meeting organized with Aaron Twigg as chairman and Edgar H. Bowers as secretary.

Upon the resignation of Mr. Bowers, Chas. H. Crowley was chosen secretary.

Motion made by Mr. Grover that no other business be brought before the meeting other than that pertaining to appropriations. Passed.

Motion made and carried that appropriations be taken up in order.

After considerable discussion at the hearing, the appropriation committee—E. J. Eaton, Thomas Abraham, William Carter, John F. Mills, Chas. H. Crowley, George T. Barnes, Curtis McIntosh, with assessors, selectmen and school committee, recommended the following appropriations for the current year:

Support of schools,	\$11,000
School incidentals,	600
Books and supplies,	700
Painting and repairing    Harris	
school,	300
Highways,	6,500
Sidewalks (concrete and gravel),	1,300
Support of poor,	2,800
Printing and stationery,	650
Removing snow,	300

Salaries of town officers,	2,575
Heating, lighting, care and rent of town hall,	800
Memorial Day,	150
Street lights,	1,200
Abatement of taxes,	400
Interest on loans,	600
Police, and fees from criminal cases,	500
Enforcement of liquor law,	100
Maintenance of fire department,	1,050
Incidentals and appliances of fire department,	400
Engineers' salaries of fire depart- ment,	150
Hydrant service,	3,475
Public grounds,	200
Extension of fire alarm,	900
Public library (and dog tax),	300
Soldiers' relief,	50

Owing to the absence of the water commissioners or a report, a motion was made and passed that the chairman and secretary of this meeting confer with said commissioners and incorporate such sum as recommended. A motion was made and carried that all unexpended balances be turned into the treasury and all deficiencies paid from the treasury.

Motion made and passed that the secretary of appropriation committee recommend the appropriations at the coming town meeting.

Respectfully submitted,

CHARLES H. CROWLEY,

*Secretary.*

# REPORT OF THE AGENT

—OF THE—

## BOARD OF HEALTH.

---

*To the Board of Health:*

GENTLEMEN,—I herewith respectfully submit the following report for the year ending Dec. 31, 1892:

The amount of work done in the past year has largely increased over that of former years, and attention has been given as usual to such matters as are comprehended in the abatement of nuisances, sources of filth, defective plumbing, offensive trades, tenement houses, contagious diseases, infant boarding houses, and removal of manure.

Some of the subjects mentioned require a more extended notice as will be seen elsewhere. This work has required two hundred and thirty-five (235) visits from the health agent, thirty-five (35) letters written, twenty (20) communications received, besides the exchange of regulations, reports, circulars, etc.

There has been a gradual improvement in the sanitary condition of the town, but many things remain that are sources of annoyance if not danger. In almost every case that I have been called upon to investigate, I have made it a rule to personally interview the owner of the property

rather than to send him a notice, and although more time is taken the result more than compensates for the extra labor. In most cases the parties readily comply with the requirements of the board, but there is a class of people who regard the errand of an inspector as an officious impertinence, and characterize the board of health as a useless appendage of town government. With this class argument is entirely useless, and enforced compliance is only obtained by resort to the statutes.

As in previous years the matter of regulating the keeping of swine has been the most difficult problem to solve, and after repeated appeals to clean up their premises, it was found necessary in certain cases to resort to the court for enforcement of orders. Six (6) suits were commenced against as many parties for keeping swine in violation of an order of the board. One gave up the business before the suits came to trial. In the other five (5) cases the court issued an injunction against the keeping of swine, and the use of the premises for that purpose on and after the first day of March, 1893. One other party after repeated requests has also given up the business, making a total of seven. It is to be hoped that others seeing the above result, and realizing the determination of the board that Needham shall no longer be known as the pig keepers' elysium, will abandon the business.

The following table shows the number and nature of complaints recorded during the year:

Piggeries, offensive,	50
Manure heaps, exposed and offensive,	5
Privy vaults, full and offensive,	4
Dead animals,	3
Cesspools, full,	2
Sinks, untrapped,	1

Swill on ground,	I
Stagnant water,	I
Carting swill in uncovered boxes,	I
	<hr/> 68

## WELLS.

The wells in the thickly populated sections of the town are fast becoming unfit for domestic use.

## UNDERTAKERS.

Two (2) undertakers have been licensed.

## BOARDING-HOUSES FOR INFANTS.

Four (4) licenses have been granted by the state board of lunacy and charity to maintain boarding-houses for infants. These are indirectly under the supervision of the board.

## PLUMBING.

Thirty (30) buildings have been inspected, requiring forty (40) visits from the inspector. There seems to be a lack of desire on the part of some of the plumbers doing business in town to comply with the regulations of the board, and believing that it is just as important to have good plumbers as good physicians, I would recommend that, in addition to the present regulations all plumbers proposing to do such work in town be required to register their names and place of business with the board of health and receive therefrom a license, and that after the final inspection of any plumbing a certificate be given of the same. The importance of placing this work under official control cannot be over-estimated.

## CONTAGIOUS DISEASE AMONG DOMESTIC ANIMALS.

## (Tuberculosis and Glanders.)

The board has been called to investigate two cases of contagious diseases among domestic animals,—one, a case of which Mr. Stockbridge was notified, as required by law, and in which, after seeing the animal, he pronounced it a case of tuberculosis, and ordered it killed. A horse afflicted with glanders was also ordered killed by the state commissioners, they first having been notified and seeing the animal.

## CONTAGIOUS AND INFECTIOUS DISEASES.

The health of the town during the past year has been remarkably good. Our ancestors believed it was as necessary for children to have measles, scarlet fever, whooping cough, etc., as it was to have teeth, but this delusion should be immediately consigned to the worn-out and useless relics of the past.

The following table shows the number of contagious and infectious diseases reported to the board of health:

Diphtheria,	2
Scarlet Fever,	8
Measles,	14

## SCARLET FEVER.

This disease prevailed most in the spring months, eight cases having been recorded. The cases have been light, and but little fear has been manifested in the localities where they have occurred.

## DIPHTHERIA.

Two cases of this disease have been reported, one proving fatal.

## MEASLES.

During September, October and November, fourteen cases of measles (none fatal) were recorded. We are satisfied that there are many cases of contagious diseases that are not reported, being so mild that a physician is not called. Heads of families and householders are punishable by a fine should they fail to report all cases occurring in their families.

In concluding this report I desire to thank the board for the uniform kindness and courtesy shown me, the police for the valuable assistance rendered, and the citizens in general who have cheerfully complied with the regulations of the board, all of which is respectfully submitted.

ALBERT M. MILLER,

*Agent of the Board of Health.*

## Report of the Trustees.

---

As the librarian's report is so complete, little remains to be said by the trustees.

Our library is in excellent condition. The number of books issued, 10,354 (as shown in the report), is very large for a town of this size, and shows how well the public appreciate the advantages of a library.

The number of magazines issued this year, 1,192, is a great increase over previous years. The selections are good,—the best that can be procured for the money.

We are pleased to state that the library is made available by the teachers and pupils of the public schools in connection with their school work. Larger appropriations for the library mean better advantages to the teachers and pupils of the schools.

The donation of books and magazines by friends of the library has been generous the past year, for which the trustees extend their thanks, and which the patrons of the library seem to highly appreciate.

With the increased patronage of the library there is a great necessity for better accommodations, which must come in the near future. We need a library building (easy of access), where fire risks would be less. Insurance companies consider our present location so hazardous that we are unable to get insurance for more than a year at a time and then at a very high rate.

As the demands upon the library are on the increase, it is hoped that at the annual town meeting the voters will be as generous as possible in the appropriations for its support and give us at least the usual amount. A larger appropriation would be appreciated and could be used to advantage.

A. E. MILLER,

*Chairman.*

## Chief Engineer's Report.

---

During the last year there were eighteen alarms of fire, ten being for brush fires, three for buildings, and five still alarms. Most of the brush fires were caused by the carelessness of parties burning brush. I would recommend the town to have a By-Law to collect, in such cases, from the parties causing them, the expense of the department when called out. It cost the town last spring nearly two hundred dollars for such carelessness.

The loss to parties owning buildings taking fire the past year and paid by insurance companies was less than three hundred dollars, giving this town a good showing in regard to loss by fire.

The extension of the fire alarm last year was awarded to the Municipal Fire Alarm Co., they taking the responsibility of the whole system, and making the extension, putting in boxes and all apparatus at a much less cost than the Gamewell Co., and giving as good work. There were six boxes, three gongs, and about five miles of wire put up. The board of engineers recommend the extension of the fire alarm to the Pumping Station, to the corner of West and Greendale streets and Forest street and Central avenue; also the purchase of two thousand feet of fire hose.

## INFORMATION TO THE PUBLIC.

### LOCATION OF BOXES.

- Box 27. Dedham avenue and Webster street.  
“ 28. Engine House, Chestnut street.  
“ 39. Engine House, Highlandville.  
“ 46. Nehoiden and Rosemary streets.  
“ 49. Bicycle Factory, Rosemary street.  
“ 57. Hunnewell street, opposite Geo. Spicer's.  
“ 58. Central and Webster streets.  
“ 59. Central and Reservoir streets, Upper Falls.  
“ 61. Great Plain avenue and Marshall street.  
“ 63. Great Plain and Central avenues.  
“ 82. South street near Paper Mill, Charles River Village.
- 

Before ringing in an alarm be sure that a fire actually exists. Do not give an alarm for a fire seen at a distance, as all needless alarms are an expense to the town and should be avoided.

To give an alarm pull down the hook in the box once, without jerking, and let go. Wait at box and direct the firemen to the fire.

For a Brush Fire strike ten blows with the key and then pull down the hook, but never pull in the alarm first for a brush fire.

After unlocking the box do not attempt to take out the key, for no one but an engineer can release it as all the boxes have trap locks.

After the first alarm has been rung in, all other alarms or signals are given only by the engineers.

Never give a second alarm for the same fire without an order from the Chief Engineer or Assistants.

Citizens are earnestly requested to keep themselves informed as to the location of keys. Signs over the boxes will give the desired information.

#### CAUTION TO PERSONS HOLDING SIGNAL KEYS.

Never open or touch the apparatus except in case of fire. Be sure your station is locked before leaving it. Never let the key go out of your possession except to some responsible person to give an alarm of fire and be sure the key is returned. If you remove from your house or place of business return the key to Chief of Fire Department.

#### EXTRA SIGNALS.

Two strokes repeated twice when given under the direction of the Chairman of the School Committee denotes that the next session will be dispensed with. Two strokes after an alarm denotes fire all out.

One stroke at 12 m. each day.
